Putting the Pieces Together
for Positive Youth Development

Data 2015

COMPREHENSIVE STRATEGY

Facilitating the creation of resource tools for positive youth development

Progress Report: June 2015

For 19 years, Comprehensive Strategy has been collecting and compiling data to provide the Siouxland area with a tool to track risk factors for youth problem behaviors in our community. This report provides the newest data available for 2015.

YOUTH PROBLEM BEHAVIORS are Substance Abuse, Delinquency, Teen Pregnancy, School Dropout, and Violence. Years of local, state, and national research indicate that these five youth problem behaviors interfere with positive youth development.

RISK FACTORS are research-based conditions that increase the likelihood that a child will develop one or more behavioral problems in adolescence. Priority risks for this community were identified, and data used to track those risks are included in this report.

This Report includes the following information:

- Logic Model for the Comprehensive Strategy Planning Process
- Census Bureau Quick Facts
- Large Urban Eight Data
- Priority Risk Factor Data for Dakota and Woodbury Counties
 - Availability of Drugs
 - Early Initiation of the Problem Behavior
 - Economic Deprivation
 - Academic Failure in Late Elementary
 - Family History/Family Conflict
- Sources of Risk Factor Data
- Health Rankings: Dakota, Union, Woodbury Counties
- Youth Survey on Alcohol and Other Drugs: 6th, 8th, 10th, 12th grades, Tri-state area
- Teen Pregnancy Resource Guide
- Substance Abuse and Mental Health Evaluation Resources
- Planning Partners

Comprehensive Strategy holds quarterly community meetings to provide a forum for community discussion and education because we believe that community dialogue is critical to successful community planning. If you would like to be added to our invitation list, please contact us.

We sincerely wish to thank our Planning Partners and everyone who is working to make this a safe, healthy, and nurturing community for our youth and their families.

Barbara Aalfs, Chair

Comprehensive Strategy Council

Logic Model for Comprehensive Strategy Planning Process

	Vision: Our community will provide opportunities for youth and families to be healthy and resilient contributors to society.	
Long-term Outcome ↑	<h1 style="font-size: 2em;">Positive youth development</h1>	
Intermediate Outcomes	Positive changes in youth behavior and attitudes: <ul style="list-style-type: none"> • Reduction of violence • Reduction of alcohol and other drug abuse • Reduction of delinquency • Reduction of teen pregnancy • Reduction of school drop-out 	
Short-term Outcomes ↑	Reduction of the presence of the following risk factors: <ul style="list-style-type: none"> • Availability of drugs • Extreme economic deprivation • Family history of the problem behavior/family conflict • Academic failure beginning in late elementary school • Early initiation of the problem behavior 	Increased protective factors that buffer the impact of risk factors in a child's life: <ul style="list-style-type: none"> • Individual characteristics <ol style="list-style-type: none"> 1. Gender 2. A resilient temperament 3. A positive social orientation 4. Intelligence • Bonding <ol style="list-style-type: none"> 1. Opportunities 2. Skills, and 3. Recognition • Healthy beliefs and clear standards <ol style="list-style-type: none"> 1. Wide, consistent support for those with whom youth are bonded 2. Consequences for not following standards are consistent
Outputs ↑	(achieved outputs) Ongoing data collection, analysis, monitoring, and evaluation (desired outputs) Targeted goals in the reduction of risk factors and problem behaviors (1-5,10,15 years)	
Strategies ↑	Comprehensive Strategy community strategies for programs and services: <ul style="list-style-type: none"> • Family focused strategies • School focused strategies • Individual focused strategies • Community focused strategies 	
Inputs ↑	Communities That Care planning model – collaborative community planning work groups and CS Council <ul style="list-style-type: none"> • Phase 1: Getting started by mobilizing the community and analyzing the current environment • Phase 2: Involving the community in vision setting and crafting a structure to support the planning effort • Phase 3: Developing a data-based profile of risk and protection • Phase 4: Creating a comprehensive youth development plan • Phase 5: Implementing the plan Community/state/federal/private sector financial, human and in-kind resources and support

Siouxland CARES Greater Sioux City Metro Area Youth Survey

Students in grades 6, 8, 10 & 12 participated in the survey from the following schools districts: Sioux City Community, Sioux City Catholic, Sergeant Bluff-Luton, Dakota Valley, Woodbury Central, River Valley, Lawton-Bronson, and South Sioux City.

Dakota Valley did not participate in 2003 and in 2008. The 6th & 8th graders at Bishop Heelan did not participate in 2003 because they participated in a survey for a national research project. Only four school districts participated in 1999. 12th graders at Dakota Valley did not participate in 2014. Survey every two years beginning in 2012.

In 2014, Comprehensive Strategy planning partners identified Teen Pregnancy/Teen Sexual Health as topics for which they needed more education and information. Because of this, several meetings were dedicated to this topic and the need for a Resource Guide was identified.

We hope that you will find this Guide informative and enlightening as we work together to explore the topic of Teen Sexual Health.

Information compiled by Comprehensive Strategy. This list should not be considered all-inclusive, nor is there any implied endorsement of any particular service. 5/1/15

For more information, email Comprehensivestrategy@gmail.com or go to www.siouxlandcares.org and click on Comprehensive Strategy.

Comprehensive Strategy Planning Partners

The following organizations have signed a Statement of Understanding that documents their partnership with Comprehensive Strategy for Positive Youth Development.

All meetings are open to the public. If you would like more information or would like to become a planning partner, please email comprehensivestrategy@gmail.com.
