Putting the Pieces Together for
Positive Youth Development

Data 2017

COMPREHENSIVE STRATEGY

Facilitating the creation of resource tools for positive youth development

Progress Report: July 2017

For 21 years, Comprehensive Strategy has been collecting and compiling data to provide the Siouxland area with a tool to track risk factors for youth problem behaviors in our community. This report provides the newest data available in 2017.

YOUTH PROBLEM BEHAVIORS are Substance Abuse, Delinquency, Teen Pregnancy, School Dropout, and Violence. Years of local, state, and national research indicate that these five youth problem behaviors interfere with positive youth development.

RISK FACTORS are research-based conditions that increase the likelihood that a child will develop one or more behavioral problems in adolescence. Priority risks for this community were identified, and data used to track those risks are included in this report.

This Report includes the following information:

- Logic Model for the Comprehensive Strategy Planning Process
- Risk Focused Prevention Grid
- Census Data for Iowa & Woodbury County and Nebraska and Dakota County
- Large Urban Eight Data (Iowa)
- Problem Behavior Data and Charts for Substance Abuse, Teen Pregnancy, School Drop-Out, Violence, and Delinquency
- Priority Risk Factor Data for Dakota and Woodbury Counties
 - Availability of Drugs
 - Early Initiation of the Problem Behavior
 - Economic Deprivation
 - Academic Failure in Late Elementary School
 - Family History/Family Conflict
- Sources of Risk Factor Data
- Health Outcome Data: Dakota and Woodbury Counties
- CARES' Tri-State Youth Survey on Alcohol and Other Drugs: 6th, 8th, 10th, 12th grades
- Planning Partners

Comprehensive Strategy holds quarterly community meetings to provide a forum for community discussion and education because we believe that community dialogue is critical to successful community planning. If you would like to be added to our invitation list, please contact us.

We sincerely wish to thank our Planning Partners and everyone who is working to make this a safe, healthy, and nurturing community for our youth and their families.

Barbara Aalfs, Chair

Comprehensive Strategy Council

Logic Model for Comprehensive Strategy Planning Process

	<p>Vision: Our community will provide opportunities for youth and families to be healthy and resilient contributors to society.</p>	
Long-term Outcome ↑	<h1>Positive youth development</h1>	
Intermediate Outcomes ↑	<p>Positive changes in youth behavior and attitudes:</p> <ul style="list-style-type: none"> • Reduction of violence • Reduction of alcohol and other drug abuse • Reduction of delinquency • Reduction of teen pregnancy • Reduction of school drop-out 	
Short-term Outcomes ↑	<p>Reduction of the presence of the following risk factors:</p> <ul style="list-style-type: none"> • Availability of drugs • Extreme economic deprivation • Family history of the problem behavior/family conflict • Academic failure beginning in late elementary school • Early initiation of the problem behavior 	<p>Increased protective factors that buffer the impact of risk factors in a child's life:</p> <ul style="list-style-type: none"> • Individual characteristics <ol style="list-style-type: none"> 1. Gender 2. A resilient temperament 3. A positive social orientation 4. Intelligence • Bonding <ol style="list-style-type: none"> 1. Opportunities 2. Skills, and 3. Recognition • Healthy beliefs and clear standards <ol style="list-style-type: none"> 1. Wide, consistent support for those with whom youth are bonded 2. Consequences for not following standards are consistent
Outputs ↑	<p>(achieved outputs) Ongoing data collection, analysis, monitoring, and evaluation</p> <p>(desired outputs) Targeted goals in the reduction of risk factors and problem behaviors (1-5,10,15 years)</p>	
Strategies ↑	<p>Comprehensive Strategy community strategies for programs and services:</p> <ul style="list-style-type: none"> • Family focused strategies • School focused strategies • Individual focused strategies • Community focused strategies 	
Inputs ↑	<p>Communities That Care planning model – collaborative community planning work groups and CS Council</p> <ul style="list-style-type: none"> • Phase 1: Getting started by mobilizing the community and analyzing the current environment • Phase 2: Involving the community in vision setting and crafting a structure to support the planning effort • Phase 3: Developing a data-based profile of risk and protection • Phase 4: Creating a comprehensive youth development plan • Phase 5: Implementing the plan <p>Community/state/federal/private sector financial, human and in-kind resources and support</p>	

Risk Focused Prevention is based on a simple premise: to prevent a problem from happening, the community must identify the factors that increase the risk of that problem developing and then find ways to reduce the risks by enhancing protective or resiliency factors. Of the twenty risk factors below, Our community has identified six priority risk factors to be targeted for our community as noted below with an *.

Risk Factors

Adolescent Problem Behaviors

	Substance Abuse	Delinquency	Teen Pregnancy	School Drop-Out	Violence
Community					
Availability of drugs *	●				●
Availability of firearms		●			●
Community laws and norms favorable toward drug use, firearms and crime	●	●			●
Media portrayals of violence					●
Transitions and mobility	●	●		●	
Low neighborhood attachment and community disorganization	●	●			●
Extreme economic deprivation *	●	●	●	●	●
Family					
Family history of the problem behavior *	●	●	●	●	●
Family management problems	●	●	●	●	●
Family conflict *	●	●	●	●	●
Favorable parental attitudes and involvement in the problem behavior	●	●			●
School					
Academic failure beginning in late elementary school *	●	●	●	●	●
Lack of commitment to school	●	●	●	●	●
Peer and Individual					
Early and persistent antisocial behavior	●	●	●	●	●
Rebelliousness	●	●			●
Friends who engage in the problem behavior	●	●	●	●	●
Gang involvement	●	●			●
Favorable attitudes toward the problem behavior	●	●	●	●	
Early initiation of the problem behavior *	●	●	●	●	●
Constitutional factors	●	●			●

Siouxland CARES Greater Sioux City Metro Area Youth Survey

Students in grades 6, 8, 10 & 12 participated in the survey from the following schools/districts: Sioux City Community, Sioux City Catholic, Sergeant Bluff-Luton, Dakota Valley, Woodbury Central, River Valley, Lawton-Bronson, and South Sioux City. Dakota Valley did not participate in 2003 and in 2008. The 6th & 8th graders in the Catholic Schools did not participate in 2003 because they participated in a survey for a national research project. Only four school districts participated in 1999. 12th graders at Dakota Valley did not participate in 2014. River Valley did not participate in 2016.
