The Future

What will Source For Siouxland offer our community?

Community Goal & Strategy Development

Data, Research & Analysis

Community Asset & Resource Mapping

Engaging Support for Identified Needs

Communication & Information Sharing

**Core Services & Benefits To Be Provided By
Source for Siouxland**

Future Strategies for Achievement

1. **Data** Continually collect, organize, and make available all relevant national, state, and community data. Identify data voids and work to fill these voids
2. **Resources** Continually update resources available in the community that address specified focus areas. Ensure this data is available to community members, businesses, and non-profits to avoid duplication and/or starting unnecessary new programs
3. **Coordination** Inventory all existing community planning initiatives and assist in coordinating overlapping efforts
4. **Community Planning** Utilize data for strategic community planning and workgroups to address needs
